To insure that our students worldwide have additional acces to the authentic recordings of Joel S Goldsmith, we are announcing that 100 of the more popular Class recordings are now available for puchase and download on Apple iTunes and on Amazon music. This may be more convenient if you use iTunes or if you are a regular Amazon client. This makes Joel's recordings globally available to spiritual seekers, who desire unaltered versions of the original presentations , including the correct titles with the correct lectures. Of course, all recordings continue to be available as cassettes, CD, MP3 and transcripts on our website at: www.joelgoldsmith.com.

"... with time technologies have come and gone. Although the CD's and MP3's will remain available, we no longer can produce cassette tape recordings. We will, however, continue to upgrade to CD any cassette purchase through this office at a cost of \$ 15 plus shipping and sales tax."
