John's Biblemystics Project:

John has a new video on his The Aloha Mystic YouTube channel. It is the story of Jacob and his realization of the presence of God within.

Three years ago, when the world took a forced rest and people were staying home, John began to make videos about the great mystics in the Bible. It is a project he had been working on since 2009 when he published his first pamphlet titled Abraham. At that time, he envisioned a series of Bible stories for mystics called Golden Chains. Other projects and a heavy teaching schedule put Golden Chains on the back burner. It was reborn during the pandemic in the form of videos. With the new video on Jacob, we have the complete unfoldment of spiritual realization as told through the mystics of the Bible.

The Abraham-Isaac-Jacob story is the beginning. **Jacob** wrestled with an angel until he was blessed and received a new name. **Moses** revealed the name of God. **Elisha** revealed that God was not in the whirlwind, but in the still small voice within. **Isaiah** taught us to reason from a spiritual perspective and recognize the presence of God – the Christ – within everyone. **Jesus** lived as the Christ and showed the world that love and forgiveness renders pain and suffering powerless.

If you watch the videos in sequence, (the videos are between 8 to 15 minutes) you will see how Spirit unfolds in consciousness. These stories are not necessarily about men; they are the states and stages of spiritual understanding we all experience.
