From the Monthly Letter April, 2022

Many of you know that for years the question was always put on my desk at every class, “What about **the Sermon on the Mount?**” And every time I gave the same answer that I am giving you on this question: “I can’t answer you because I have had no spiritual light on the subject.” And then one night, one Wednesday night in Chicago, we had a beautiful meditation in our class, and the Voice said to me, “Open the Bible to the Sermon on the Mount.” (John 5 & 7) And I turned around and said, “It’s no use I don’t know anything about it.” And it came back the second time and said, “Open to chapter five Matthew, Sermon on the Mount.” I said, “It wouldn’t do any good, I don’t understand it.” And the third time it came back and then I said, “Well, maybe I’m going to be taught.” And I opened that book and the revelation of The Sermon on the Mount was given to us. And if we can ever get through with our editing work, it will be in a book. I didn’t look at you, I mean for that reason. We have a very beautiful spiritual revelation on the subject of The Sermon on the Mount, but it was given to us. It was given to me at the same time it was given to those who were in the class. And many other passages have come in that same way. So when you read a Bible passage in any of The Infinite Way writings, you read any of them that have been spiritually interpreted or explained, please remember that you’re not getting my opinion, you’re getting a revelation that was specifically given to me and merely passed on from me.
