JOELS AUDIOREGISTRATIONS ARE ONLY ON TAPE AND NOT ON A RECORD. WHY IS THAT?

8815 – How to Uncondition the Mind

JOEL:

So it is that when we begin to meditate for the world ... but to begin with let me say this to you ... we started out this evening, there wouldn't be any good of anything I've said throughout this entire class if I didn't first attain the conscious presence of God before I said it. Because they'd be nothing but words, sentences, paragraphs, and you wouldn't get anything more from it, well, than just reading a page in a book.

The only reason you are getting more from this than you would from reading it in a book is because of the consciousness of the presence of God that has been brought here into your experience. And the same is with these tapes. You will find that you get almost as much from these tapes as you do my sitting here. Because the consciousness of me and of you that is in this room has gotten into this tape. And when you hear this tape played back again, it'll thrill you from head to foot. It'll place you right back in the room again. You will hear the words, you'll have the feelings that you had here. It will all be relived ... not because of the words, the words wouldn't do it for you, there is a consciousness of God realized in this room. And we are feeling it, and we are responding to it. And somehow or other, it won't get on records, but it gets on this tape. You can't get it on record ... people have tried and tried and tired, but you can't get feelings into a wax record, but you can get it, and as a

matter of fact, it does take place on these tapes. How? Why? I don't know the secret.

I only know that we know that I have made records and they are about as dull and uninteresting to listen to, to me as anything can be, and yet when I hear one of these tapes I get tingled all over. Because something comes back to me. There are even times when I am listening to these tapes when I stop it and say, wait, wait, wait. That didn't come from me that came out of God—I didn't even hear it when it came.

Because that is what is happening when we are in this room. I wouldn't come into a room to give a lecture or a class until in advance I had attained the awareness of God's presence. I do it in the hotel before I come out. But I do it again, when I'm sitting here before I start. And if I should feel any slackening, I would stop in the middle, and do it again.

8802-2—The Purpose Is Attaining the Realization of God

JOEL:

You will find that each time that you hear this tape that you will return to the same atmosphere, the same peace. You sink right into it just the same as you have here tonight, and your meditations will be just as powerful and the presence of God will be just as much felt, and the outer experience will come again. You just watch it as you hear it again that each time it will reestablish this consciousness, this peace, and then you'll go away again uplifted and with the Presence going before you.

Mrs. Virginia Stephenson (who personally studied with Joel and is herself a blessed highly Spiritual teacher and practitioner – more of her visit www.alohamystics.com) did say re this subject:

Virginia :

He [Joel] went on to say that the great value of the tape recording was that that recording captured the Spiritual Atmosphere of the speaker so that the Message was received on the level of the Soul as well as on the mental level. The printed word reduces the Spiritual experience to the mental level of words and thoughts while - if the speaker is inspired - the student on the listening level is opened to the realm of the Soul. As students of The Infinite Way Message and scriptures, we seek the mystical union [unity] of the Spirit/Soul That comes through our spiritual faculties. If a teacher is a pure transparent to the Message, then we hear the Truth Expressing Itself through. our Soul faculties. The Enlightened mind is the result of the ability to recognize the Truth That articulates Itself to and as Itself. The ability to listen brings a satisfaction to the Soul which is felt as inner peace and joy.

=====

Virginia:

This is the awareness of the Soul or Spiritual Consciousness. Recognize the difference between simply transcribing the Message and listening to It with your inner ear open. It is the difference between hearing music and reading the score. One is a Soul experience, the other is a mental experience. Both serve a purpose but let's acknowledge "the better part" just like when

Jesus told Martha that Mary chose "the better part" as she sat at His feet and listened [to Him].

Bertus:

You who have tape recordings of Joel might say, "Well, I wasn't in that class, so how can what was said there be revived with me?" Well, well, well: Before listening to Joel's tape recording, we go into meditation in which we come into communion and contact with God and ask God for Light, Wisdom, Guidance and the like. Then when we abide in that Spirit of God and begin to listen to Joel - an instrument in God's Hand - then we - like Joel - are in that same Spirit of God in which Joel dwelt, when he was directly instructed by God the moment he "taught." to the students A so-called "warm Truth".*1) The Truth straight from God!!! A "warm Truth" *2) that revives as we listen to that tape recording and become one with the consciousness of that class.
